St. Francis of Assisi

G. K. Chesterton

St. Francis of Assisi G. K. Chesterton
A sketch of St. Francis of Assisi in modern English may be written in one of three ways. Between these the writer must make his selection; and the third way, which is adopted here, is in some respects the most difficult of all. At least, it would be the most difficult if the other two were not impossible.... he may try to do what I have tried to do here; and as I have already suggested, the course has peculiar problems of its own. The writer may put himself in the position of the ordinary modern outsider and enquirer; as indeed the present writer is still largely and was once entirely in that position. He may start from the standpoint of a man who already admires St. Francis, but only for those things which such a man finds admirable.
