Céleste: Love, Hate, Revenge and Danger among the Stars Jack Eason
Falling in love is always complicated especially for a disembodied artificial intelligence like Céleste, aboard the exploratory spaceship Apkallu. For her to be able to physically express her love for the man who means so much to her will be impossible to achieve, or will it?

Eason's best work yet, his new book Céleste combines romance and science fiction in a story that has a twist on every page - Nicholas Rossis

Romance beyond the stars abounds in this sensuous sci-fi, entwined with mission, morals and lust. Eason takes us to a place where human desire dwells in mankind and aliens alike, no matter how many light years away – D.G. Kaye

Jack Eason never rests. When he is not knee deep in archaeology, or wandering around forests in elf fables, he is busy combining sci-fi with a little added romantic spice – Derek Haines
