Voyagers of the Gray Dawn: Finding Henry (Travelers of the Gray Dawn) (Volume 1) Paul R Grimshaw
This alternate history, time travel, WWII-era action-adventure tale mixes fact and fantasy as a prequel to the 2013 "Travelers of the Gray Dawn." In both novels the Confederate States of America becomes the landscape and backdrop for a variety of characters who must navigate through what are essentially foreign lands. In Voyagers, much of the action is set along the East Coast of the mid-Atlantic former U.S. as Nazi U-boats meet U.S. Destroyers and Civil War-era ironclads. Dr. Albert Einstein tempts the Multiverse and unwittingly sends his young protoge, Henry Rollins, headlong into strange, yet almost familiar, places turned upside down. His wife, Margaret Rollins, desperately tries to find her husband and the pair seek to reunite across time and space.
