The Nigger Factory Gil Scott-Heron
An early novel from the groundbreaking artist behind *The Revolution Will Not Be Televised*, about militant student activists struggling against their administration for basic rights

On the campus of Sutton University Virginia, the students are trying to carry forth the message of reconstruction to a university resistant to change. The failure of Sutton to embrace the changing attitudes of the 1960s has necessitated extreme action and the revolution is nigh in this scornful statement on the way in which human beings are conditioned to think.
