2006 International Building Code (International Code Council Series)

International Code Council

2006 International Building Code (International Code Council Series) International Code Council LOOSE-LEAF VERSION: The 2006 International Building Codeaddresses the design and installation of building systems through requirements that emphasize performance. Fully compatible with all the International Codes, the 2006 edition provides up-to-date, comprehensive coverage that establishes minimum regulations for building systems using prescriptive and performance-related provisions. Content is founded on broad-based principles that make possible the use of materials and building designs. Structural as well as fire- and life-sfety provisions covering seismic, wind, accessibility, egress, occupancy, roofs, and more are included.
