As other States are legislating for also, it is in the State of New Jersey whereby new Adoption Law has created the "The Dead Sibling Effect." This story is one told truly based by example... ...Destiny would offer most of this crowd one more chance to take heed of this given opportune moment; each to abide with their conscience in thinking over this whole situation - thoroughly and throughout…
Yet, to an unbeknownst coming shock of this television viewing nation, instead, Girl Destiny intention was about to present these people as if to liken history's offering-to-the-world of WWII Nuremburg, Germany's post-war accused!
However, even if viewed dissimilar, these "Jersey Rules" Nazi-like scoundrels also had followers! But yet, blind ignorance portrayed is always the recall when a kept company is a murder of crows! …Especially, if they who follow, had left their innocent of eyes ever so wide open... Nevermore so, the much easier for each to have been pecked out!
The crowd must have seen it happen! The huge raven that had earlier flown low overhead, only to dissapear into the overcast sky, had now mysteriously circled back and shown up high in a tree. It cawed once as if to let everybody know of this return. Quickly, voices broke down into whispers that lent to the now deafly held silence. With the raven's black upon gray sky silhouette now showing of a glistened blue, it became tell-tale evidence as to what species of bird really sat there tall and stoic... This Poe like description befitting as claws started to set gripped one at a time, each had sunk, deep into a dead and leafless branch… After a slight downward turn of neck and cocking of its head, deep black eyes with fiery red coronas, after having surveiled the area suspiciously, had then suddenly stopped cold, frozen in mid shift, unguardedly each now having kept up a projected icy stare toward the now anxious crowd.
