Dark Moonlighting (Volume 1) Scott Haworth
Nick Whittier, having been alive for six centuries, has had plenty of time to master three professions. In a typical week he works as a police officer, lawyer and doctor and still finds time to murder someone and drink their blood. He used to feel guilty about the killings, but now he restricts himself to only eating the worst members of society. Few people in Starside, Illinois seem to care about the untimely deaths of spam e-mailers, pushy Jehovah Witnesses and politicians. However, the barriers between Nick's three secret lives start to crumble when a mysterious man from his past arrives in town seeking revenge. Nick must move quickly to prevent the three women in his life, and the authorities who are hunting him, from discovering his terrible secret.

Dark Moonlighting is the first book in the humorous series. It explores four of the biggest clichés in popular culture, and it pokes fun at a number of popular television shows including Law & Order, Bones and House. It also takes a more realistic and amusing approach to the vampire cliché. For example, the average human has the equivalent of five Big Gulps worth of blood in their body. Nick takes twenty minutes to kill someone and, like the vampire bat, must immediately urinate afterwards.

The Dark Moonlighting Series:

Dark Moonlighting
Dark Moonlighting 2: Kruse Control
Dark Moonlighting 3: Live Free or Dark Moonlighting Hard
Dark Moonlighting 4: The One with the Whales
Dark Moonlighting 5: Electric Dark Moonlightingaloo
