The Lady Who Cried Murder (A Mac Faraday Mystery Book 6) Lauren Carr
Fame comes at a price. Some pay with their privacy. Others pay with their pride. Khloe Everest paid with her life.

Determined to get her pretty face in front of the cameras, Khloe Everest fakes an abduction only to make a grand entrance in the midst of a press conference held by Spencer's Police Chief David O'Callaghan.

Three years later, after failing to catapult her notoriety into a long-lasting celebrity, Khloe Everest returns to Spencer upon her mother's sudden death and seemingly finds another weapon to propel herself into the spotlight. Unfortunately, someone kills her before she can make this entrance.

In Lauren Carr's sixth Mac Faraday Mystery, Mac and his friends come up against reality stars, politicians, has-beens, and wannabes. Mac also finds himself face-to-face with an old foe from his past who had managed to escape arrest during their last encounter. Now, Mac sees that his adversary has only become more powerful, and dangerous, with the passage of time.

Intent to not let this killer escape again, Mac and his friends need to put all of their talents together to put a stop to a cold blooded lady killer.
