My Most Advanced Pick 3 Strategies are Here!

This is it! This book has my most advanced Pick 3 strategies as of February 2016.

I have made some dramatic improvements to my game in the last few months. Long gone are the days where I teach systems that require you to play 30, 40, 50 or even 85 numbers (remember the Basic Box system?). Now I believe in playing a lot less numbers; ideally 1 to 10 numbers.

Another improvement is playing on 7 day cycles as opposed to playing on a draw to draw basis. Playing on 7 day cycles is the reason why the 7 Day Numbers are so successful.

These improvements came about because of what I have been learning about the game on a weekly basis from the 7 Day Numbers. The success of this book series has changed (and improved) the way I look at the Pick 3 game. I will be explaining these changes and improvements in this book. I will be focusing primarily on 3 systems; Revelation 60, the Pair System, and a unique tracking system based on the LIST 20 for 60D numbers found on the output of the Revelation 60 program. More specifically, in this book I will discuss:

•How to Find the Ultimate Pick 3 System
•Why You Should Work in 7 Day Cycles
•How to Stop Losing at the Pick 3 Game
•The Smart Way to Play Pick 3
•Getting 3 Numbers from the Top Pair
•Identifying Concentrated Pairs
•The 16 Number Pair System
•The Super Set Principle
•How to Test Any 7 Day System
•The 10 Number Rule
•The Importance of 5 Paper Hits

Understanding these strategies will take your game to the Next Level.

But there is more!

SPECIAL REPORT

This book includes a very special report. The second part of this book has the fully updated 5 Dimes Report. If you have been on my email list for a long time you may have read the first edition of this report. This updated report has several improvements over the original report. One of those improvements is that this updated report has PICTURES (screenshots) of what you will see in the back office. This will provide, I believe, a Virtual Tour of the back office of 5dimes. If you are not familiar with 5dimes, this will allow you to SEE the same thing you would see if you had access to the back office of the lottery page at 5dimes.com.

I have a confession to make: I have gotten MANY requests for this report over the years – but I always

hesitated putting it out because, to be honest, 5dimes is (to the untrained player) potentially dangerous. The convenience of playing from the comfort of your own home creates a situation where you can literally play 24 hours a day, 7 days a week. This means that it's super easy to LOSE money 24/7.

You have to keep something in mind here; you are working with a mathematical disadvantage when you play Pick 3 and the more often you play, the more money you tend to lose - AND 5dimes makes it almost TOO EASY to play anytime you want, anywhere you are; you just need access to a computer.

So what is different this time?
Why am I putting out this 5 Dimes Report now?

Because now I have Systems and Rules in place that will make sure that you adopt a disciplined approach to the game so that you win as much money as possible and you lose little or none of your money. Because after all; that is what this is all about; WINNING as much money as possible and then KEEPING that money. I will explain how to do this in this book.

In the 5 Dimes Report I will discuss:

•Fact 95
•The Secret Formula
•Traps to Avoid
•Insider Secrets
•How to Fund Your Account
•The Triple $900 Strategy
•The "Amount" Drop Down Menu
•The "Start Date" Drop Down Menu
•The "Days to Run" Drop Down Menu
•Blanket Betting
•Pressing the "Submit" button
•How to Get the Right Information
•Funding Your Account via MoneyGram
•The Special 5 Dimes Rule

BONUS CHAPTER: How to Set Up a Hands-Free Automatic Money Making System That Pumps Out Cash for You Every Week!
