LULU

Samuel Bernstein

LULU Samuel Bernstein
Louise Brooks was the laughing girl with the black helmet of hair and the sexy bangs... The new novel "Lulu" finds Brooks in 1928 Berlin playing the role of her life: A childlike woman named Lulu, whose sexual desires destroy her, and destroy the men in her life as well. Actress and character became joyfully, hopelessly enmeshed in work that blends fiction with non-fiction. Her volatile relationship with her director is at the center of the book as she grapples with trying to make sense of her life. It's a modern tale of what it means to be a woman, an actress, and a sexual being. In life, Louise Brooks was rarely able to balance these elements -- a problem hardly unique to her time. Brilliant people with enormous promise still often soar brightly, then crash and burn. It came too little, and far too late, when Henri Langlois of the Cinémathèque Française declared decades later, "There is no Garbo! There is no Dietrich! There is only Louise Brooks!"
