In simple words, both French and English, this book takes the reader on a lively journey through some of the activities encountered in a day at French school. Created to benefit the Lycée International de Los Angeles, many of the images in this book were put together using garbage, recycled materials, or various objects we discovered laying around the house including, but not limited to, diaper wrapping, shipping cardboard, recycled paper packaging, candy wrappers, a tea box, a medical arbitration agreement (patient copy), and a thank you note, to name but a few.
