Ernest Gellner

The Psychoanalytic Movement: The Cunning of Unreason (Rethinking Theory) Ernest Gellner
How did psychoanalysis become so accepted by the public? This provocative book reconstructs the system of ideas upon which the theory and practice of psychoanalysis rests, describing a modern culture that has created a psychic or a spiritual void that psychoanalysis seems custom-made to fill. Gellner approaches the question as a sociologist and attains a broad perspective on the ideas of the psychoanalytic movement as a system of cultural beliefs.
