South Carolina and the American Revolution: A Battlefield History John W. Gordon
An estimated one-third of all combat actions in the American Revolution took place in South Carolina. From the partisan clashes of the backcountry's war for the hearts and minds of settlers to bloody encounters with Native Americans on the frontier, more battles were fought in South Carolina than any other of the original thirteen states. The state also had more than its share of pitched battles between Continental troops and British regulars. In South Carolina and the American Revolution: A Battlefield History, John W. Gordon illustrates how these encounters, fought between 1775 and 1783, were critical to winning the struggle that secured Americas independence from Great Britain.
