Sex is mysterious and trivial, funny and arousing. Somebody is shocked by it and therefore is blaming it. One way or another, sex exists despite of our personal opinion about it and we can’t ignore it. We can find sex offers everywhere and at will. People are having sex at home and in the office, in the car and in the train, in the park and in the brothel. And the sex isn’t silent. It has its own language – exalted, tender, crude and barefaced. We all understand this language. And a curious reader will find just this language in this “tinkering” book. It would be interesting especially for those who can’t deny themselves the sexual pleasures while travelling a lot all around the world. After reading it and learning the language of over free sex you could boldly step out in every part of the world and everybody would understand you. Book is intended for sex-adventurers, mongers and all sex-lovers.
