What I'Ll Tell Tom: The Atheist Kid'S Bible Martin Hodgson
Pocket edition (black & white illustrations). . . Join tom and alice on a voyage of discovery as they travel through time to witness the true story of the big bang at the dawn of the universe, the formation of planet earth, the evolution of life and the development of human societies and moral codes. "i remember the excitement i felt as as kid when i was given my children's illustrated bible - how fantastic! A book that explains the origin of the universe and how to live in harmony with your fellow human beings. The only problem was that i didn't (and still don't) believe there is a god. I still love the idea of such a book, and decided to write my own non-religious version for my children. My daughter tells me it's the best book she's ever read. I don't believe this for a second and i'm sure she'll change her mind when she finishes the lord of the rings. I love her for saying it though and sincerely hope you'll enjoy reading what i'll tell tom." martin hodgson, november 2011.
