Angel Payne

Saved By His Submissive (The WILD Boys of Special Forces Book 1) Angel Payne
Readers and reviewers everywhere are roaring about the WILD Boys series from USA Today Bestseller Angel Payne. The books, praised for their "beautiful, multidimensional" characters in stories of deep, conflicted emotion, gripping adventure and hot-hot-HOT love scenes, are turning readers into WILD Things across the globe. Book 1 is "Saved By His Submissive":

Garrett Hawkins is the most valuable asset to his Special Forces unit—because frankly, the guy doesn't care if he lives or dies anymore. Since the love of his life, Sage Weston, was kidnapped and killed with her medical unit a year ago, Garrett has turned the shell of his soul into the armor of a finely-tuned fighting machine. Being the first tapped for the unit's craziest missions is just fine by him. The less time for memories, and the agony they carve into his soul, the better.

It's a plan that works—until one night in the jungles of Thailand, Garrett's world is upended when memories become reality. The unit is called to rescue a group of kidnapped aid workers, only the head count on the retrieval is doubled: Sage and her teammate, believed dead, are very much alive. Only now that Sage is back in his arms, Garrett doesn't know what to do. He has changed in dramatic ways, especially in the darker tastes of his passion. If he touches Sage again, he'll want to claim her, restrain her…dominate her.

Is Sage's love strong enough to let Garrett back in not only as her fiancé, but her Dominant? Can she trust that visiting the new shadows of his life will lead her to ecstasy and not ruin? Or can Garrett's discipline be exactly what her soul needs to find its way back to life—and love—once again?
