Forgotten Baton Rouge (Images of America) Douglas L. Villien Sr.
For nearly two centuries, Baton Rouge remained a sleepy little river town. Situated on the first bluffs of the Mississippi River north of the Gulf of Mexico, it was prime real estate for habitation. Images of America: Forgotten Baton Rouge collects a plethora of lost images of this citys greatest period of expansion: from the 1890s to the 1930s. This era began when Louisiana State University moved to the grounds of the old US Army arsenal, followed by a corporate decision from John D. Rockefeller to build a Standard Oil Company refinery at Baton Rouge. These historic decisions, coupled with the forward-thinking actions of bold businessmen and politicians like Robert A. Hart and Huey P. Long, changed the face of the city forever.
