Intelligent life on other planets: it's the brass ring of space exploration. Do extra-terrestrial species exist? Will we ever make contact? Perhaps, have we made contact already?

In the latest addition to the *Future Chronicles* series of sci-fi anthologies, the answer to all of these questions is a resounding *yes*. From first contact to last stand, these original short stories range from quiet tales of personal connection to adrenaline-infused inter-species space conflicts. Each tale promises to present you with a different look at what intelligent alien life might be like -- and how we Earthlings might respond to it.

*The Alien Chronicles* features stories by bestselling authors Hugh Howey (*WOOL*), B. V. Larson (the *Starforce* series), and Jennifer Foehner Wells (*Fluency*), plus twelve more of today's top authors in science fiction.
