Children's Book About Solar System: A Kids Picture Book About Solar System with Photos and Fun Facts Emma Jacobs
Emma Jacobs is pleased to present her new picture book for kids. This easy reading book for children contains fun facts about the solar system.

This delightful picture book for children, from about 4-10, contains discussions on the different planets that are present in our solar system most especially the planet Earth and the sun as the center of the solar system. This contains wonderful graphic images to accompany the story. It offers interesting facts, in simple language, and although appropriate for all these ages for the 4 year olds to early second grade, probably, it will need to be viewed with a parent. Students will encounter new words and concepts. They'll read more about the different planets like the Mercury, the Venus, the Earth, the Mars, the Jupiter, the Saturn, the Uranus, and the Neptune.

The images in the book are primarily color photographs that are stunning if read with a Kindle Fire or the Kindle Application on one of the tablet devices or the PC. Black and White readers will be also see them clearly but will just miss the added dimension available with color.

Children will also find answers to kid-style questions.

Teachers and home schooling parents will find this book a wonderful addition to their nonfiction libraries. It provides selected passages on an assortment of subjects. Great illustrations bring the text to life.
