"*Don't Go Back to School* makes good on the advice offered on the cover. It is a brisk, useful guide to learning what you need to learn without having to finish college, or go to grad school. "Not going to graduate school felt like a failure at the time, but wound up being the best choice I ever made. It set me out on a path of self-learning and discovery that led me to work I love, work that would've never flown in an academic setting.
