The Power of Free-Will by Annie Marquier Annie Marquier
Here is both a practical and inspiring book forged in the context of a solid understanding of human psychology and a clear and thoughtful observation of human behavior. In psychological and practical terms, it presents a powerful new paradigm which is emerging in our individual and collective consciousness. This concept constitutes a fundamental tool enabling us to tap into an inner source of power, wisdom, wonderful new creativity and freedom. Here lies the opportunity to create a completely new, peaceful, abundant and joyful live, for ourself and our planet.

ANNIE MARQUIER has had the opportunity to observe the results achieved by a great number of people who have chosen to use this new paradigm and who have reaped the greatest benefits as a result. Rather than feeling powerless and vulnerable in an unjust and cruel world, we can recover inner peace and power through an accurate understanding of the paradigm laid out in this book. We can then become once again the conscious architects of our life experience.
